

The Pawprint

Dear Indian Knoll Families,

This past week we hung our banners that have our Indian Knoll Mission Statement. Thank you to all the students and parents who participated in voting for our mission statement. We are excited to continue moving forward as a school community and working together to ensure our students are successful at Indian Knoll.

Indian Knoll Elementary School

Mission Statement

We will provide a safe environment where all learners can be nurtured, supported, and inspired to achieve their full potential.

Proporcionamos un ambiente seguro donde los alumnos se nutren, son apoyados y son inspirados a alcanzar su máximo potencial.

Student Growth

Students have been busy this past month with the following assessments: AIMSWEB, ACCESS, Fountas and Pinnell, and MAP testing. Students set growth goals with their teachers in at least one area in the Fall. Any class that had at least 50% of the students meet the growth goal will get an extra recess on February 10th. We are excited that there will be A LOT of classes with an extra recess on that day! We had many, many student not only reach their growth goals, but EXCEED them. We are very proud of their hard work!!

Would you like to know a little more information about the assessments our students take? Please use the links below to learn more about them.

Upcoming Activities

We are looking for parent volunteers for a couple activities coming up in March. On March 1st, we will be having a Math Day during the school day where students will spend a portion of their scheduled Math block to go to different classrooms and play math games. A letter was sent home last week asking for parent volunteers for this. We also are having a Come Read to Us Day on March 2nd where we will have guest speakers (parents, community members, district staff) to come read a book to one of our classrooms. A letter was also sent home about this last week. We hope you are able to come read to us!
