Re: 2020 Asbestos Abatement work at:
West Chicago School District #33
Gary School
130 E. Forest Avenue
West Chicago, DuPage County, Illinois 60185

Notification to All Employees including Custodial Staff,
Administrative Staff and General Public

West Chicago School District #33 is having asbestos containing floor tile, floor tile mastic, associated carpeting, thermal system pipe insulation, pipe fitting insulation, exterior window glazing, and exterior window caulk materials removed from the Gary School located at 130 E. Forest Avenue, West Chicago, DuPage County, Illinois 60185. This work will occur between the approximate dates of June 22, 2020 and July 25, 2020. However, the project schedule may be accelerated due to recent COVID-19 issues and school target area accessibility. A copy of this "Notification Letter" will be given to/posted for view for building occupants by The District in accordance with 77 Illinois Administrative Code 855.

Asbestos containing materials will be removed by Valor Technologies, Inc. (Valor) of Bolingbrook, Illinois, an Illinois Department of Public Health (IDPH) licensed asbestos abatement contractor. The project will be supervised by a licensed Asbestos Project Manager/Air Sampling Professional who will be on site during all asbestos abatement contractor activities. This Project Manager is employed by an independent environmental consulting firm, United Analytical Services, Inc. (UAS), of Downers Grove, Illinois.

Sincerely yours,

Executive Director of Business and Operations

Re: 2020 Asbestos Removal Work at:
West Chicago School District #33
Gary School
130 E. Forest Avenue
West Chicago, Illinois, Du Page County, Illinois 60185

Dear Mr. Montgomery:

This is to advise you that West Chicago School District #33 authorizes your firm to perform Asbestos Abatement Work at Gary School located at 130 East Forest Avenue in West Chicago, Du Page County, Illinois 60185. All work is to take place during the period of June 22, 2020 and July 25, 2020. However, the project schedule may be accelerated due to recent COVID-19 issues and school target area accessibility.

At this time, you are authorized to submit any/all notifications necessary to perform the specified work. Attached for your use is a copy of the Notification to Building Occupants that will be posted at the school building and provided to school/District staff.

This project covers the removal of asbestos containing floor tile, floor tile mastic, associated carpeting, thermal system pipe insulation, pipe fitting insulation, exterior window glazing, and exterior window caulk materials from various locations of the school building facility, as specified in the asbestos project design drawing prepared by United Analytical Services, Inc. (UAS) of Downers Grove, Illinois.

Sincerely yours,

Executive Director of Business and Operations

West Chicago School District 33
