

## WEST CHICAGO ELEMENTARY SCHOOLS

*Together for Excellence ★ ¡Juntos por la Excelencia!*

Friday, April 16, 2021

Dear D33 Families and Staff:

We were so excited to welcome students back for in-person learning this week. I was able to visit many of our schools and it was wonderful to see the hallways and classrooms filled with children. I was so impressed with how students have adapted to the safety guidelines and are eager to get back to the routines of being in classrooms with their friends and teachers.

We are also excited to begin our work in developing a new 5-year Strategic Plan for the district. Strategic planning is important to the district and its communities as it sets a clear direction for the future. Members of the planning team will not only bring forth their ideas about how to move the district to an even higher level of performance but also examine ideas from those not on the team to give them voice and input into the process.

Our partners at the Consortium for Educational Change (CEC) are working with our Strategic Planning Team that consists of 36 individuals from the District's administration, faculty/staff, and community to develop this plan. We anticipate completing this plan and sharing with our community in June 2021. Updates regarding the progress of this plan are posted on the district website here: <https://www.wego33.org/domain/196>. I would like to thank our committee members for their time in the planning process.

Sincerely,

Kristina Davis, Ed. S.  
Superintendent
